[Registration Link](#)

Sam Allen, P.E., M.ASCE

From the President

Hello ASCE Nebraska Section,

Happy 2025 everyone! I hope everyone was able to enjoy the holidays with family and friends. We have plenty of conferences, technical meetings & other activities coming up on the calendar, so please be sure to check your emails and the website for event invites.

To recap, we had a successful November management meeting with great turnout. Gene Siadek from Omaha Metro Utilities District presented on the challenges of replacing water main infrastructure. We thank Gene for discussing this topic and answering questions.

Coming up in a couple weeks is the January Water Technical Meeting on Wednesday January 22nd at the University of Nebraska-Lincoln at Kiewit Hall, room 211. This will be a joint meeting with the UNL Student Chapter and is a great opportunity to interact with students. John Winkler from Papio-Missouri River Natural Resources district will be presenting on the Levee System & Preparedness. For more information & to register please use the following link: [NE-ASCE Water Meeting](#).

Coming up shortly after is Geo-Omaha. The Short Course & Geotechnical Section Meeting will take place on February 6th, and the Conference & ethics course will take place on February 7th. There is more information for all events with separate links to register in the following link: [Geo-Omaha Conference](#).

As always please be sure your contact information is up to date at [asce.org](https://www.asce.org) allowing you to receive all our emails for future events. We have a few different ongoing volunteering initiatives and other ways to get involved. Please don't hesitate to contact me with any questions or concerns you may have.

Thank you,

Sam Allen

November Management Section Meeting

On November 21, 2024, the Nebraska ASCE Management committee hosted the November Section Meeting at Taxi's Bar and Grill in Omaha. Gene Siadek, Director of Water Transmission & Supply at MUD, presented on Challenges on Water Main Replacements. The meeting also included a pre-meeting social and dinner.
